LOCAL

City Center is a location based resource, designed to provide business owners and rural community organizations with high-end branding and marketing options intended to simultaneously draw outside foot traffic and capitalize on the local market.

about city center

Investing in your business & your community

City Center is the community hub for Owosso. Providing relevant community information and an interactive community map, we help you bring your marketing strategies into the 21st century. Our high-end website helps entire communities brand themselves to both a local audience and outside tourism.

City Center collaborates with businesses to...

- Bring local consumers and businesses together
- Extend hours of business to 24/7/365. Provide perpetual information to customers with a community-based online presence.
- Provide a new level of and accessibility
- Draw outside foot traffic to your front door.

citycenter

The heart of a city is located in its downtown.

City Center is focused on the development and promotion of downtown neighborhoods, and creating a vibrant social, cultural and economic center.

Information on local attractions, shopping, dining, education, entertainment and more is available at City Center.

Whether you are visiting a new area or rediscovering your hometown, let City Center be your guide!
